

Federal regions as published by the Agency for their particular region of the country. For migrant farmworkers living in seasonal housing the actual dollars earned from farm labor by a domestic farm laborer must equal at least 50 percent of annual income limits indicated for the Standard Federal regions, as published by the Agency.

(B) An alternate measure for determining substantial portion of income when actual earnings are not available may be the duration of time a farm laborer worked on a farm or other farming enterprise as a domestic farmworker during the preceding 12 months. In order to be considered as substantial the farm laborer must have worked at least 110 whole days in farm work. For purposes of this section one whole day is the equivalent of at least 7 hours. When using a period of more than 1 year, a yearly average must amount to at least 110 days per year.

(ii) For housing owned by a farmer, family-farm partnership, family-farm corporation, or an association of farmers which was initially provided on a non-rental basis, a substantial portion of income is earned when housing is provided by the owner as part of employment compensation for farm labor.

(iii) When a natural disaster has occurred, such as a drought, flood, freeze, etc., figures for the 12 months preceding such disaster will be used to determine substantial portion of income under paragraph (b)(2) of this section.

(iv) The tenant who qualifies as a domestic farm laborer residing in a property with a nonrestrictive farm labor clause in the mortgage covenants must not have adjusted income which exceeds the moderate income limit for the appropriate household size and appropriate geographical area.

(3) *Occupancy.* The household must remain in compliance with the borrower's occupancy policy as established in § 3560.155.

(c) *Tenant eligibility requirements for operating assistance rents.* To be eligible for operating assistance rents, tenants must meet the rental assistance eligibility requirements described in § 3560.573 and in § 3560.252.

(d) *Ineligible tenants.* Tenants who, at any time, fail to meet all the requirements in paragraph (b) of this section

will be deemed ineligible for occupancy in off-farm labor housing. Ineligible tenants in off-farm labor housing will be addressed in accordance with the requirements of § 3560.158.

(e) *Non-farm laborer tenants.* When there is a diminished need for housing for persons or families in the above categories, units in off-farm labor housing complexes may be made available to persons or families eligible for occupancy under § 3560.152. Eligible tenants under this section may occupy the labor housing until such time the units are again needed by persons or families eligible under paragraph (b) of this section. As the basis for Agency approval or disapproval of the borrower's determination of diminished need, the borrower must submit a current analysis of need and demand to the Agency, identical to the market analysis that is required of loan applicants in the loan origination process. The borrower's determination and the State Director's recommendation should be forwarded to the National Office for concurrence. The procedures specified in § 3560.158 shall be followed when tenants are required to vacate housing to allow for occupancy by persons eligible under paragraph (b) of this section.

§ 3560.577 Tenant priorities for labor housing.

Tenant occupancy in off-farm labor housing is based on eligible farm labor certified through the income certification process required by § 3560.152 and is prioritized in the following order.

(a) First priority is to be given to eligible active farm laborer households with first priority going to very low-income households, next priority to low-income households, and last to moderate-income households.
